The associated power of attorney was entered as a change of address.

The wording on this document initiated the error. The first time that the assignee enters an application, the document should have been treated as an Power of attorney. Not previously power of attorney filed by the assignee. Check rule 1.34. The assignee sign the document. The document should be treated as power of attorney and a notice mailed.

Please review this application and process it in accordance with the power of attorney rule.

Thanks
